## PROTECT YOUR HOME / BUSINESS FROM TERMITES

### BORATE TERMITE WOOD TREATMENT

Protect new homes from infestation with wood termite treatment, an effective termite control solution. HomeTeam Pest Defense's borate wood treatment acts as both a termiticide and a termite repellent for years after application.

The best way to protect the wooden structure of a new home from subterranean invaders is to make the wood so distasteful they'll head elsewhere. Highly effective borate wood pretreatment from HomeTeam does exactly that. penetrating deep inside the lumber framework to provide long-lasting protection.

### TERMITE SOIL TREATMENT

Protect new homes with termite control soil treatment. HomeTeam Pest Defense's two-step liquid treatment is effective and provides long-lasting protection.

Termites present a significant and constant threat to the value of any home. That's why we apply a soil pretreatment to eliminate problems before they happen. By applying virtual barrier to the soil during new construction, our home termite control prevention sends unwanted guests packing.

### SENTRICON® SYSTEM FOR NEW CONSTRUCTION

For around the clock termite control for existing homes and new construction HomeTeam uses Sentricon® Colony Elimination System with Always Active® Technology Protect your home from subterranean termites with professional HomeTeam monitoring service and Sentricon® Always Active® Technology. Home Team backs its installation and service with a \$1 Million Termite Warranty that covers the cost of repairs and retreatment if termites damage your home.
